## CAREER OBJECTIVE

Energetic and passionate college student working towards a BA in Geography with an emphasis in Geographic Information Systems (GIS) at the University of Santa Barbara. Aiming to use my leadership and communication skills to become a great candidate for an Internship/Job in the geospatial field.

## EDUCATION

Bachelor of Arts in Geography with an emphasis in GIS      Expected June 2020  
University of Santa Barbara

- Hands on work with programs such as ArcGIS, ENVI, TerraGo, etc.
- Some experience with multiple languages such as Java, Python, and C++

Ohlone College  
2015-2018

Undergraduate course work

- Over 50 units with a 3.0 GPA.

Hayward High School  
2011-2015

## SKILLS

### Communication

- Editor in Chief of the "Haywire", student newspaper. Excellent verbal and written communication skills. Lead the staff in monthly deadlines and weekly team meetings. We grew to be a nationally recognized high school newspaper. I served as the Editor in Chief for three years until my graduation.
- Learned to communicate and work in a restaurant environment. Great customer service skills in a natural way that provides a

unique experience for each customer I serve. Able to work quickly, efficiently, and safely in a high paced environment in order to serve customers in a timely matter.

#### Leadership

- Lead outdoor instructor at Galileo Summer Camp. Plans, organizes and directs activities of all outdoor activities for over 75 summer campers.
- Resurrected and reimagined the school newspaper after a 10-year drought into a multimedia outlet for students to report stories and create an open forum for general expression.

#### Technical Skills

- Developed a research proposal and facilitated a group of undergrad students studying land cover change following Olympic events.

#### EXPERIENCE

##### **Busser/Server**

2015 to 2016

##### *The Vine*

- Prepare bar for opening each day as well as organize pantry and walk in freezer when new supply comes in. Familiar with restocking beer kegs.
- Stock restaurant with silver ware roll ups, cups, napkins, other utensil as wells beer kegs and wine.
- Clear and reset tables in a timely matter.

##### **Student Aide**

##### *Adventure Time Learning*

- Lead students in engaging and educational afterschool activities.
- In charge of creating daily curriculum that followed a weekly theme.

##### **Lead Instructor**

2014 to 2018

##### *Galileo Summer Camp*

- High creativity in planning and organizing fun-filled end educational curriculum for over 100 summer campers.
- Skilled in motivating and guiding new instructors, coaches, and support staff.

- Learned to have master great communication skills with campers as well as parents to create a safe and trustworthy experience.
- High emotional IQ when working with campers with special needs.

Merchandise/Door

2019-2020

*Modern Times Beer*

- Develop a complete knowledge on the beer making process.
- Learned to articulate knowledge to a multitude of people with different levels of experience with craft beer.
- Trained to check identification and helped protect our business during busy few months after opening.

During the two years at UCSB I have gained a lot of knowledge that will help me succeed in a professional setting. I worked a complete year with remote sensing and how to apply it to real world issues and problems. I also spent a year learning and using different GIS API such as ARC GIS, QGIS. On top of this I was able to learn how to use R and apply it to these same special problems. If any of these skills are of use to you and would like

to bring me in for an interview, you can reach me  
at [mattdecambra@gmail.com](mailto:mattdecambra@gmail.com)
